GIRL AND BOYS
OF THE MONTH

The girl of the month for the month of November is a pretty little lass by the name of Mary Jo Chase. She put in 42 hours of time here at the U.S.O. during the month of November.

Mary wore a red dress (quite the thing) for her crowning. She was presented with a corsage of talismen rose buds and a white gardenia.

I don't really think I have to describe her, because I think almost everybody knows her, but for the benefit of those who don't, here goes: Mary Jo was born in Astoria on May 26, 1935. She is 5' 3" short, short black hair like a poodle, and beautiful brown eyes. She has a laugh that is rather different to say the least, but it puts a spark into things. She graduated from Warrenton High School in May 1953. Her ambition is to become a nurse, but as of now her future is a bit undecided. Although with her personality whatever the future has in store for her, we are sure that she will succeed.

Like most people with any taste, she likes good popular music. Among her favorites, I believe that the outstanding two are "Mood Indigo" and "Beware".

Her favorite food is spaghetti (and anything else that is eatable) and she goes for all sports.

That just about sums her up, but before we close, may we again say "Thanks and Congratulations".

Our November Boy of the month is Dominic Iannazzo, SN. "Whitey" earned this honor by volunteering many hours of his time in helping with different chores here at the U.S.O., especially in cleaning and painting the cement floors, which was no easy job.

Dominic received the nickname "Whitey" soon after he joined the Navy in 1943 because it is easier to pronounce. Whitey fits him. As you no doubt guessed, he has blonde hair (at the present time it is in a crew cut). And of course, he has smiling blue eyes to go with his blonde hair. Other vital statistics are--he is 5' 6½", weighs 135 pounds, and he is single.

Whitey hails from St. Paul, Minnesota, and has lived there as long as he can remember. Most likely since February 11, 1926, which is his date of birth. Besides Whitey, there are 4 brothers and 3 sisters. Dominic is next to the youngest in the herd.

Whitey has seen much of the world. Places he has visited include Brisbane, Australia (he spent three years there); Celgon; India, Singapore, Prusian Gulf, Manila, Philippines, China, Japan, and Hawaii.

He hasn't spent all ten years in the active Navy. Five were spent in the Reserves. During this time he worked in Boy's Military Schools, Summer Camps, and Boy Scout Camps.

When Whitey isn't volunteering time at the U.S.O. or baking at the Station Galley. He is doing youth work---here in the Boy Scouts and at the Y.M.C.A. as a scout master. He got interested in this type of work while in Australia.

Whitey hasn't any particular favorites other than those that go along with Youth Work. He is an easy person to get along with, as you already know.

When asked if he is going to be a 20 year man, he replied, "As long as they want me."

Whitey will soon be leaving us for other ports. Thanks a lot Whitey for all your help and Godspeed.

SUNDAY ACTIVITIES

Come one...Come All

To where? Why to the Sunday night dinners at the U.S.O.

If you are one of those people that stay out at the base on Sunday's with nothing to do, Wise Up! You are missing all the fun.

On Sunday afternoons the U.S.O. has basketball and volleyball for servicemen with nothing to do. After a while we are going to start plans for Sunday outings.

Sunday nights, we have a supper for service men. After supper, we have singing, and sometimes we have entertainment. Take for instance the night of November 28th, when the U.S.O. Choir sang three songs, and two girls from Warrenton by the names of Corrine Iderson and Marleen Parker put on a pantomime act. They Pantomined three songs, and these girls were good. Ask anyone who was there, they can tell you. The three songs that they gave were, "How Could You Believe Me When I Told You That I Loved You, When You Know I've Been A Liar All My Life", "Anything You Can Do I Can Do Better", and "I'm Glad". The guys around here are still talking about it. They want the girls back again.

These are only two of the things that happen here on Sundays, and if you do not want to miss the fun, may I advise you to be here. There will always be something coming off.

THE SERVICEMEN COUNCIL

The service men's Council met on Tuesday December 7, 1954 to plan some of the coming events that will be going on around the U.S.O. Only seven men were there for the meeting. Mr. Mantell would like to have about 20 men come around for the meetings. This is for your own entertainment. It lets people know what you want to do, and when is the best time to do it: so you fellows drop around on the first Tuesday of every month at 7:30 P.M. and let us know what you want to do. Help make the U.S.O. a place where you want to spend your time. Thanks!

MUSIC BY THE MARINERS

THE TEN TOP TUNES OF THE NATION

Here is another article on us Hep Cats with the odd shaped horns, that give out with the crazy music every Thursday night.

We have progressed right along the last three months. As of now we have 26 pieces playable for dances. That should sound good to you cats that don't like to hear the same piece twice.

In the last three months we have played for several different organizations. The latest being at the Portland Air Force Base. Those Bee-Bopers really liked our music and want us to come back again. Due to the mass confusion over the holidays, it will be after the first of the year before we can make it.

We, of the Mariners would like to comment about intermission musicians. All intermission musicians are welcome to try out for the Mariners if they so desire. We would appreciate it very much if you would refrain from practicing during dance intermission. We feel that if you need the practice, there are other arrangements that can be made. Thank you very much.

I guess it is time to blast off for a late date. So grab your gals and buzz out to the next dance.

CHIT CHAT

Another of the 401 boys, Ray Comeaux, SN, sometimes called Perry Como, leaves December 15, to go home way down in Broussard, Louisiana on 30 days leave. Following this he reports to San Diego for duty aboard the LSM 547. There is a chance this ship may be coming up to Astoria. Ray hopes so and so do we. We'd like to see him back playing the trumpet in the Band and also seeing him play his two favorite games -- volleyball and ping pong.

REQUEST FOR SANTA

Well, I Guess everyone has heard the song "All I Want For Christmas Is My Two Front Teeth". The USO gang theme is "All We Want For Christmas is "Snow", two (2) feet" And Santa Please send some more girls here for us fellows, cause it gets sad when we have to dance with ourselves.

All of us guys and gals have been very good this year, course there are a few exceptions to this rul. That being "Verna", alias the Bushwoman "Antics" at Short Sands Park!!!

Also "Ed" pulled a "Boo Boo" has to be in bed at 1900 every nite, so Santa please help him get off restriction.

Santa, also I pause a moment to say (let us all be thankful we are Americans and enjoy the four (4) freedoms that we as Americans enjoy.

And as you say, Santa, Merry Christmas To All and To All Good-nite.

By Wally

P.S. Was the nite before Christmas, when all through the Park, not a creature was stirring, not even a lark,

When at the USO, sounds arose with a clatter, even Pat Mc. (alias, the slow mule) came down to see what was the matter.

The gang tore through the door, windows, and sash, tripped over the wastepaper can spilling some trash.

We all assembled and looking around, saw **nothing** amiss in this old "Rainie" town.

When out in front, a very loud noise, and tires asliding, a red racer came, with a little old driver so lively and quick, all knew it was Wally instead of Saint Nick.

He came thru the door, all soaked and wet, cause outside it was raining yet.

All laying our fingers to our noses, up the stairs we arose.

He said not a word, just started opening his pack, presnts for all...good old (hard tack).

We laughed at him in spite of ourselves. He was dressed all in red from his head to his foot, his head all tarnished with ashes and soot.

He was round little fellow, his dimples how merry, his cheeks like roses (4) roses (Hic). His nose like a cherry, quite a round self, he shook all over like a wind-blown elf.

After completing his job of filling stockings (believe me that was a job. Some of these gals shore have got big feet) down the stairs he and we all goes.

Out to his racer on the run, jumped in with a huff, both stackes went with a puff, tore round the corner and out of sight, we could leave say as he tore off into the the night, to all back-sitting creatures, Merry Christmas and to you all goodnite.

Alameda is Tom's home town and this is what he has wanted all the year and three months he has been here. Tom said he would miss the USO but not Astoria and the ship.

Ben Strausser, one of the boys you met last month, left Dec. 6, for 30 days leave at Home. After that he reports to San Francisco for duty aboard the USS

"Boxer" Jerry Hanks, the other boy leaves Dec. 15 for 30 days at home and then on to San Francisco for duty aboard the USS "Oriskany" (CVA-34).
